Chris and LuAnn

I would like to take this opportunity to thank you for the excellent service Data Storage Connection has provided us with. Data Storage Connection has been a valuable marketing tool for McData Corporation. The amount of information (case studies, white papers, product news, editorial pieces, etc.) we are able to deliver through your site gives us considerable exposure to potential customers that otherwise might not be aware of our products and services.

In addition, we are equally as happy with the volume and quality of leads we receive thru Data Storage Connection. The lead qualification you do greatly improves the quality of information we can pass to our sales team.

Data Storage Connection's dedication to our account along with the quality of sales leads has proven to McData Corporation that we made the right decision to partner with Data Storage Connection.

Sincerely
