

August 21, 2006

LuAnn,

I would like to take this opportunity to thank Data Storage Connection for the outstanding service you have provided Nexsan Technologies with. Our partnership has endured for several years now, which directly correlates to the success we have enjoyed as an advertiser.

Nexsan is able to post new product announcements, press releases and case studies in a timely and effective manner on Data Storage Connection to ensure the news gets noticed by potential buyers. The results are a constant flow of reader download requests as well as weekly pre-qualified sales leads that are an effective ROI measure for our sponsorship. In addition several VAR relationships have been pursued. This was an important goal you helped us with throughout the year.

We highly value our relationship with Data Storage Connection and look forward to continuing this partnership in the future. Thank you for all your assistance in helping us promote our company.

Sincerely,

A handwritten signature in black ink that reads "Brendan K." with a stylized flourish at the end.

Brendan Kinkade
Vice President of Marketing
Nexsan Technologies
