Dear Kirk,

Here we are at the beginning of August again, a time that marks the beginning of a new year for Compsee and a time to review the support and services that we receive from vendors that we work with. Now, as in the past 9 years that Compsee has been a sponsor, I am very satisfied with the working relationship that I have with VertMarkets and you as a representative of their products and services.

Along with the sponsorship program that includes your telemarketing leads, we took advantage of your targeted email marketing and were rewarded with a substantial number of additional leads.

I appreciate the time you have taken to get to know our market strategy. We have challenged you with our development of various target campaigns over the past few years and as always, you have been able to tailor a program within the VertMarkets family of to address these changing needs and come up with programs that produce results and fit our budget.

Thank you for the attention that you have given me this past year. I look forward to working with you and the others at VertMarkets in the coming year.

Best Regards,
