

2012 Web Editorial Calendar

At ECM Connection, we review and post the following types of submitted content: white papers, case studies, market reports, trends analysis, guest opinion, and best practice guidelines. These articles come from a range of sources within the ECM community, including analysts, end users, and vendor companies.

Contributing Editor feature on ECM Connection:

Guest expert articles provide an outlet for executives from the industry to share views on market technologies and trends related to the decision-making concerns of actual buyers and end users.

ECM Connection sends the *ECM Connection Newsletter* every Tuesday. On most weeks, the ECM Connection Newsletter takes a broad-based focus to cover a larger scope of the ECM landscape. However, twice each month we take the opportunity to focus on specific ECM topics. The publication dates for these focused editions are listed in this editorial calendar along with the corresponding submission deadlines.

Articles posted on *ECM Connection* remain in our searchable content archive. We also feature select articles on our home page in addition to our email newsletters.

To Submit Content For Editorial Review:

Contact: Vicki Amendola, ECM Editor
E-mail: vickia@jamesonpublishing.com
Phone: 814-897-9000 ext. 253

- * For consideration, materials must be received by the content deadline date.
- * Electronic format is required.
