

Rotation of featured articles:

Articles posted on *Data Collection Online* remain in our searchable content archive. We also feature select articles on our home page and in our e-mail newsletters. Articles in the Featured Articles section of the home page rotate on a biweekly basis. Articles in the Featured Articles section of the newsletter rotate on a weekly basis.

Types of featured articles:

We review and post the following submitted content: white papers, case studies, market reports, trends analyses, guest opinion pieces, and best practices guidelines. These articles come from a range of sources within the Data Collection community, including analysts, end users, and vendor companies.

Contributing Editor feature on *Data Collection Online*: Guest expert articles provide an outlet for executives from an industry to share their views on market technologies and trends related to the decision-making concerns of actual buyers and end users.
